

## DB-8225

Daughter Board for A-82X series, PCI-1800 with 1M D-sub 37 pin cable

### DB-8225

- ✍ Screw terminal board using 37 pin cable I/O ports for A-82X series , PCI-1800 series. (16 channel single-ended or 8 channel differential)
- ✍ Blank pads for break detection , low-pass filter , current shut and voltage attenuation.
- ✍ On board cold junction circuit in analog input channel 1 (jumper selectable single-ended , differential mode )
- ✍ Dimensions :114mmX170mm

### Ordering Information

DB-8225	Daughter Board for A-82X series, PCI-1800 with 1M D-sub 37 pin cable
DB-8225/DIN	DB-8225 with DIN-Rail Mounting Kit
Include CA-3710 : 37 Pin D-sub connector Cable 2m	
<b>OEM Version</b>	
DB-8225/2	Daughter Board for A-82X series, PCI-1800 with 1M D-sub 37 pin cable
DB-8225/2/DIN	DB-8225 with DIN-Rail Mounting Kit
Include CA-3720 : 37 Pin D-sub connector Cable 2m
