

I-8144

4-channel Isolated RS-422/485 Module

Features

- **Parallel I/O Module**
- RS-422/485 Channels:4
- 16550 compatible
- Self-Tuner Asic inside
- Internal 16 bytes FIFO
- Transmission speed: 115.2K BPS max.
- Shared Interrupt
- Support interrupt driven software library
- Support VxCOM library
- Power Consumption: 1.5W
